

# NEWS CONNECT

News CONNECT allows clients to completely personalize their news experience providing financial market professionals with an innovative, customizable and interactive premium news experience on any platform.

The **News CONNECT application** streams MT Newswires' original source, real-time, multi-asset class news service providing over 110 categories of breaking news and noise-free market intelligence. [View Product Brochure >>](#)

Now serving many of the largest banks, trading, wealth management and research applications, find out why leading firms have switched to MT Newswires. Visit [www.mtnewswires.com](http://www.mtnewswires.com) to learn more.

## Responsive Design

Take the news with you everywhere you go. News CONNECT is responsive on both desktops and tablets.

## Chat with Newsroom

Make news interactive. Connect directly to our newsroom to get further intel on a specific story. (Additional sub. required)

## Top News

Top news with images keeps you up to date on the stories that are having the biggest impact on the markets.

## Customized Dashboard

Create & customize multiple dashboards & modules to tailor the news experience to your needs.

## Search/Filter

Search and filter by region down to ticker. Save your searches to create your desired dashboard.

## Pin/Save Stories

Easily pin stories to read at a later time. Find them under your Parked tab.
